# Sirius

## Cantilever Desking

Sirius is a high quality, cost effective solution to your desking requirements. Whilst incorporating a cantilever leg design with optional cable management, Sirius offers a complete selection of standard desk shapes and sizes

# Cantilever

Radial workstations, two-toned desk high pedestals and contrasting Lunar desktop screens offer a stylish alternative

# Combination

Combination desking includes an integrated 3 drawer support pedestal to offer a cost effective alternative

## Panel End

Panel end desking remains the traditional workstation for the executive office. Odyssey is also available with an integrated support pedestal

## Boardroom

## Cable Management

Shown above are a choice of boardroom table options to compliment the Sirius and Odyssey ranges

Cable management risers allow efficient access to unsightly cables

# Qudos

## Cable Managed Leg

Qudos desking incorporates a fully cable managed cantilever leg design and an extensive offering of desktop shapes and sizes. Shown below, 120° segment workstations with the addition of Horizon toolbar screens create a spacious working environment with added privacy.

# Contoured Shapes

Qudos promotes user friendly configurations with added aesthetic appeal

# Conference Workstations

Ideal for estate agents, travel agents or any other working area that requires a compact, informal meeting space

# Executive

Conference radial desking promotes an executive feel, enabling extra working area and an informal meeting space

# Cable Management

Integrated 3 way trunking enables cable management to conceal unsightly cabling

Qudos boardroom tables are supplied with an 'I' leg to compliment the desking cantilever leg design

# Effex r8

## 'I' Leg Beam Desking

Available in 15 board finishes and a choice of 2 leg frames, Effex r8 continues to be a popular solution for the modern day office.  
Horizon acrylic screens with a triple toolbar allow for screen mounted accessories to maximise desktop space

# Effex r8

## 'C' Leg Beam Desking

A fully cable managed leg and telescopic beam with shared componentary provides total flexibility for your office space.  
The Effex r8 'C' leg option provides extra leg space for extended rows of workstations

# Executive

Shaped radial workstations with rotating pedestals offer an alternative look to an executive workstation

Contoured workstations with shared support pedestals add a fresh approach

# Cable Management

Effex r8 cable management accommodates all technology requirements

Boardroom tables add to an already extensive offering

# Pure

---

## Pure Bench

Pure Bench offers all the characteristics of a modern bench system. Leg sharing capability, extension frames, shared cable management and frame mounted screens, allowing Pure Bench to be a competitive alternative to iBench

# Combination

Pure combination desks come complete with a goal post leg and an integrated 3 drawer pedestal. Pure pedestals are supplied without handles to provide a soft, smooth finish

# Individual

Individual desks offer an unrestricted alternative with a bench desk impression.

Two toned colour options offer a modern, refreshing office environment

## Double Cable Tray

Pure Bench is only available as back to back desking. A double cable tray is shared between desktops to allow efficient cable management

## Single Cable Tray

Single cable trays can be fixed to all desking ranges that incorporate an MFC modesty panel

# iBench

---

## Hoop Leg

Bench desking is ideal for the modern, open plan office space. With the ability to share components, iBench allows for extendable, cable managed desk clusters. The choice of 3 leg designs adds variation and style

120° segment desks offer an alternative to the standard uniform look

# iBench Goal Post Leg

iBench boardroom tables add an extra dimension to complete your furniture layout

# iBench

---

## 'A' Frame Leg

'A' frame iBench and wave desktops are a popular option to add a flow to your office environment. Horizon screens with an acrylic blade offer a stylish yet practical solution to privacy

# iBench Framework

Mass cable risers can be fixed to the shared intermediate leg to conceal cabling

Available with fixed or sliding desktops. Sliding tops with desktop scoops allow easy access to a shared cable tray

A power tower can be situated in various positions along the cable tray for an alternative riser position

A 3rd level can be fixed to the leg frame adding additional personal storage

# iBench Storage

iBench storage is a unique design incorporating 25mm thick sides with inset doors and facias. This gives off a distinct outline effect to your office storage units. With the inclusion of tall cupboards, bookcases and side filers to mobile combination units and pedestals we feel iBench storage offers an attractive, practical storage solution

# iBench Storage

Roll up storage units (725mm high) are supplied on heavy duty castors. All units can add extra desk space to your working area

Roll under storage units (640mm high) are supplied on heavy duty castors. All units can add extra desk space to your working area but can also be rolled safely under your desk if required

# Height Adjustable

# Height Adjustable

## iBench

Height adjustable desking is an important option to any office.

As shown, iBench can be retrofitted with a height adjustable add-on to raise desktops that are part of a shared cluster.
