## PRODUCT DATA SHEET

### Hazardous Cupboards

CODE: AH72DDH3

Our range of Hazardous Cupboards are a vital safety solution for any workplace that handles or stores hazardous materials. Engineered to securely contain flammable or corrosive substances, these robust cabinets help protect both employees and the environment from potential hazards. Built from durable steel, they are designed to resist impacts and withstand exposure to chemicals, ensuring long-lasting protection. The hazardous cupboards feature secure locking mechanisms, providing a reliable way to store hazardous substances and help ensure compliance with safety regulations, promoting a safer workplace and reducing the risk of accidents or spills.
