Boardroom Tables

Boardroom tables provide modern executives with the distinctive impression of quality, precision & strength that makes a bold, visual statement in any boardroom. Table tops are designed to incorporate power and data capabilities, embracing the latest technology so you can break away from the predictable, old fashioned conference rooms and create new dimensions in boardroom design.

Elev8² Touch
SIT-STAND BOARDROOM TABLES

The Elev8² Touch height adjustable tables combine unique design with versatility to transform corporate spaces like boardrooms into flexible meeting places. The majority of boardroom meeting are sedentary environments, so you can vary your position from sitting to standing allowing for a variety of postures to be more physically active throughout the meeting.

BOARDROOM TABLES

Why opt for **sit-stand** solution?

There are two main reasons for looking at a sit-stand furniture solution. The ability to sit and stand during the average working day has huge health benefits to the user and it's this active working style that encourages increased staff productivity and reduces absenteeism.

Major international research over recent years has produced evidence that sitting for more than 4 hours a day leads to: Disrupted blood sugar levels, increased insulin, increased blood pressure levels, enzymes responsible for burning harmful blood fats shutting down, and leg muscles switch off.

Elev8^2 Touch

- Twin motors
- Touch button
- 3 part leg

Features

- **5 year** — 5 year warranty
- 675-1300

Studies also show that Elev8^2 sit-stand desks and tables promote creativity, team interaction, collaboration, and the willingness to share ideas. So, when it comes to the Elev8^2 range, a boardroom table is much more than a place to have a meeting - it's a working culture that benefits both the employee and the company.
