en core connected

Creating your ideal learning space

The en core table is designed to maximize the usable surface space while keeping the footprint small.

The table is multi-functional and can be used as a single, double, block or in rows

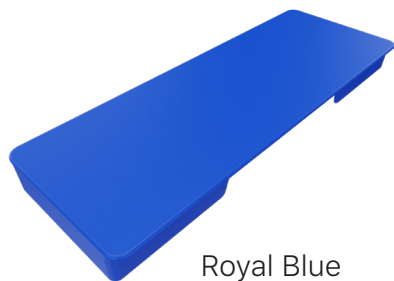

agile

Enabling schools to easily move, store and adopt varying classroom layouts depending on the lesson.

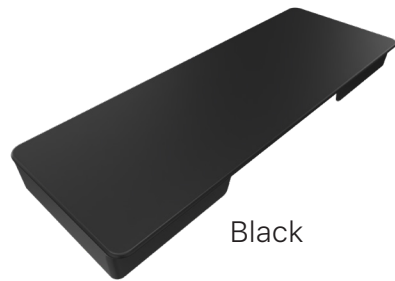

connected

Linking socket holds tables together securely. Easily removed. Available in 3 colours.

Royal Blue

Black

Night Grey

en core groove

Easy clip in pen tray

The en core groove is an optional extra that allows a stylish push in tray for pen/pencil storage.

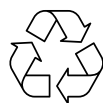

space

Recess pen grooves on the top of the legs helps to maximise your work area.

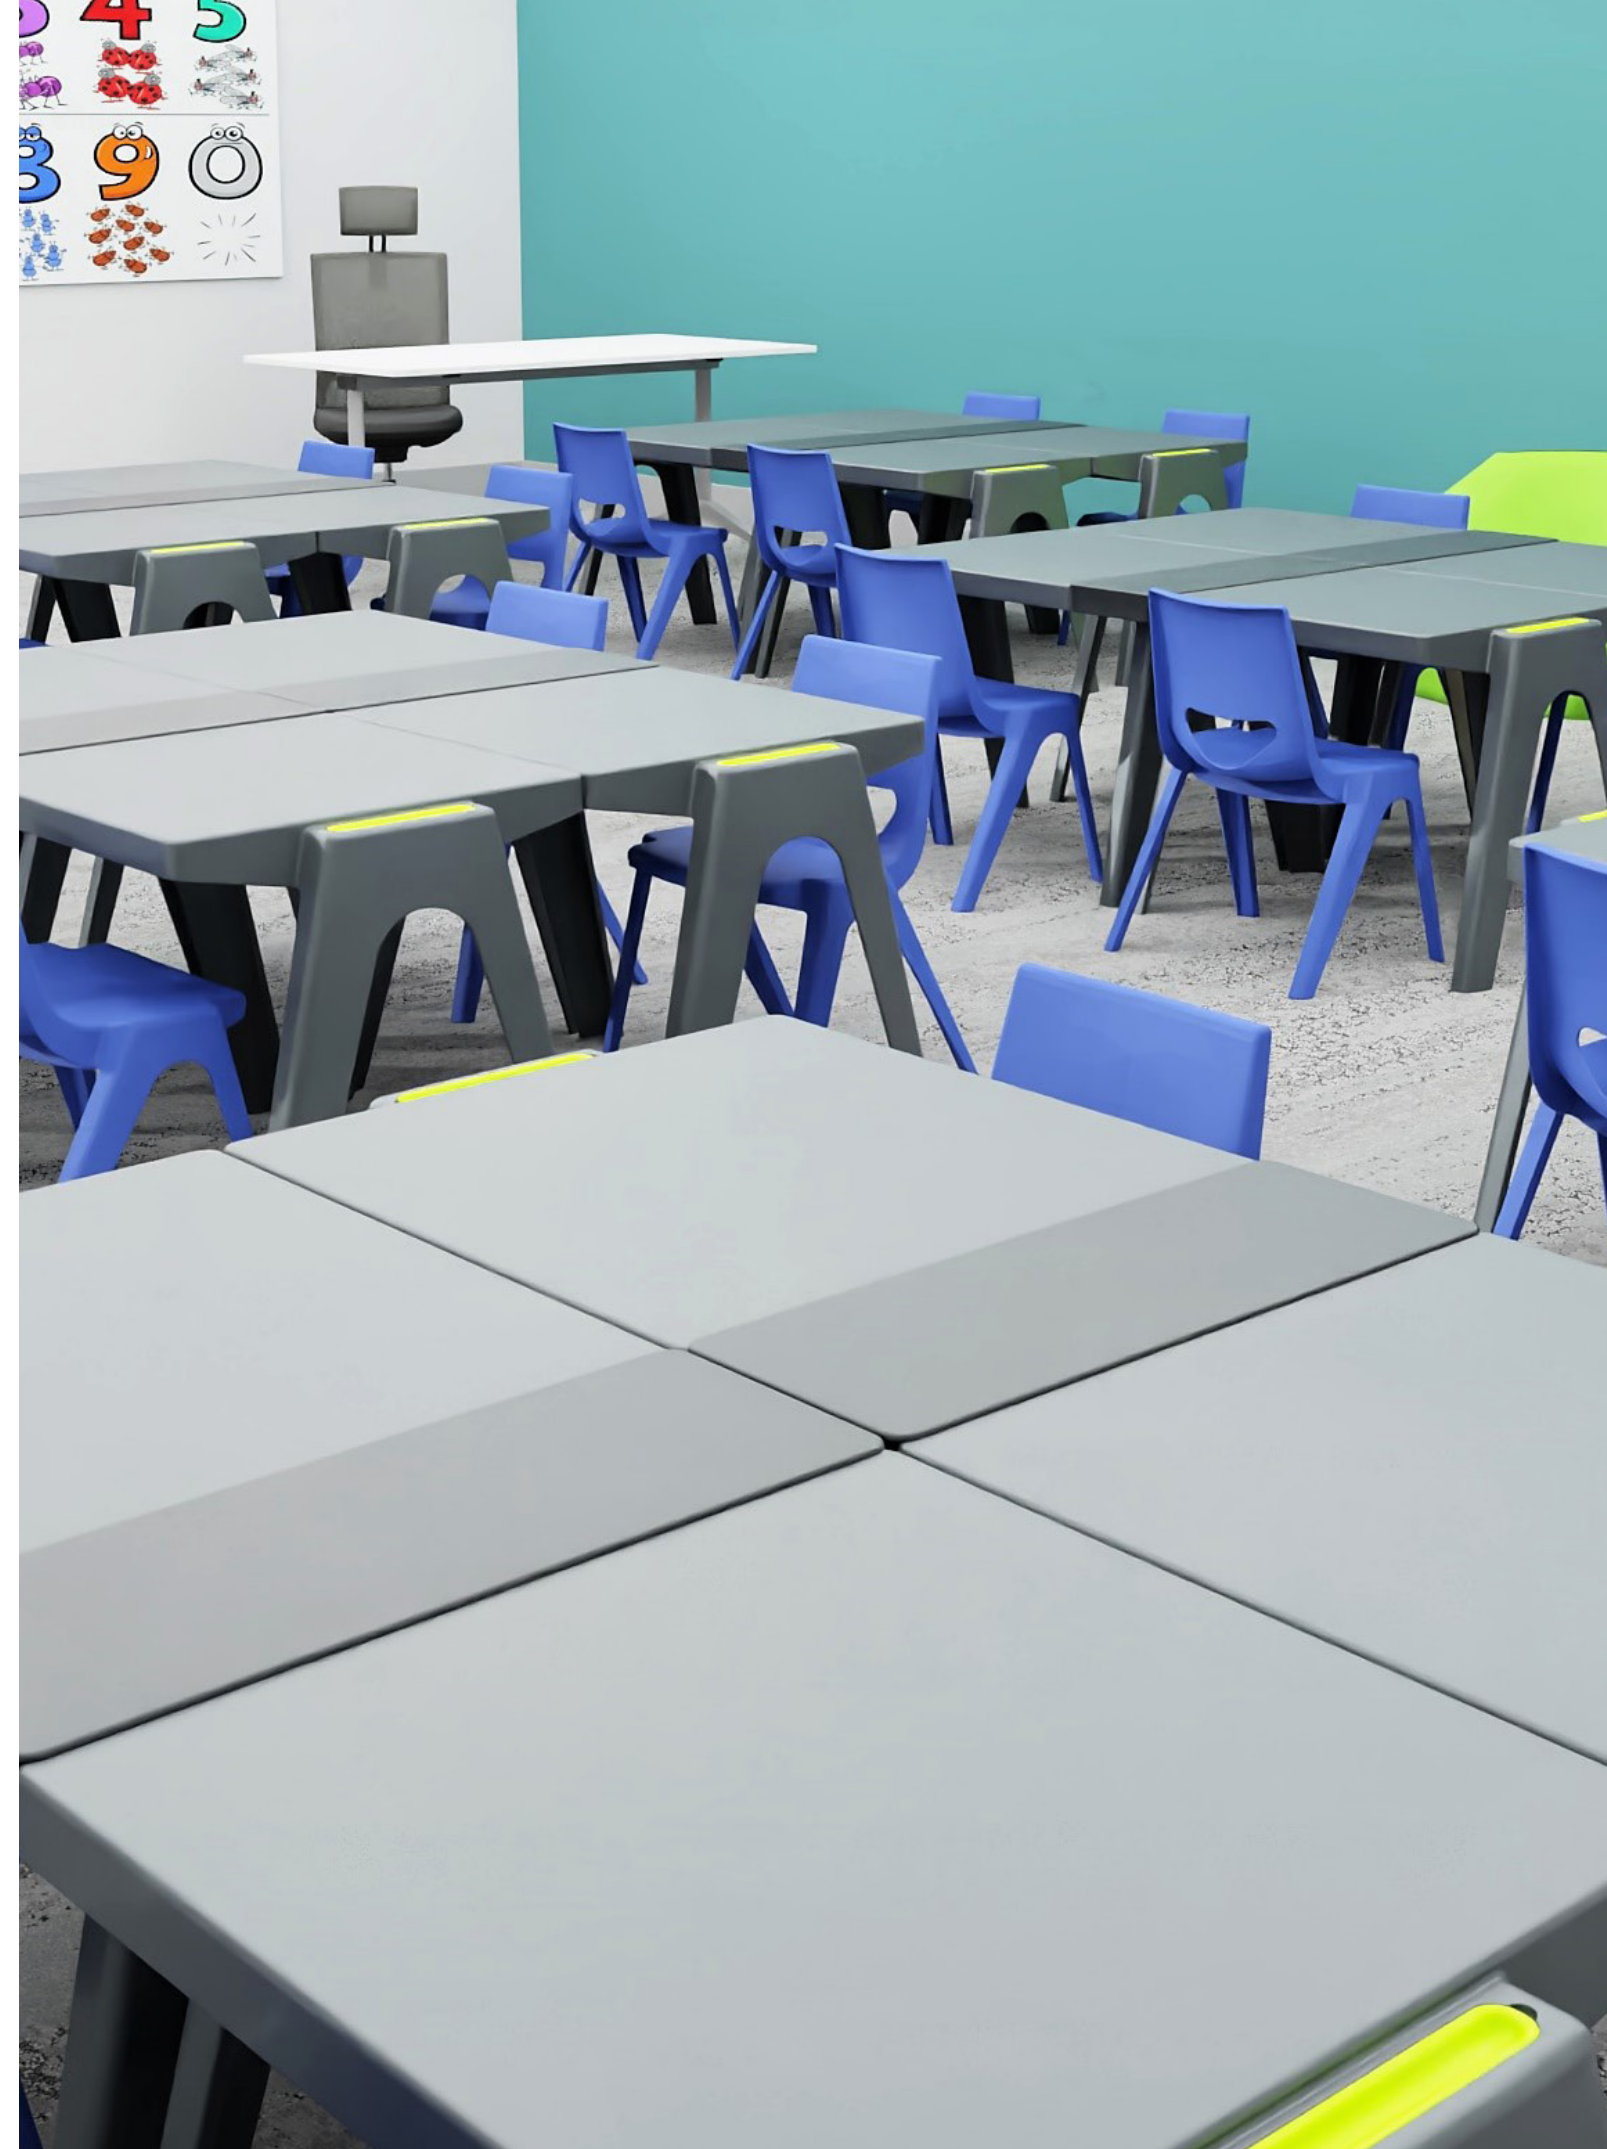

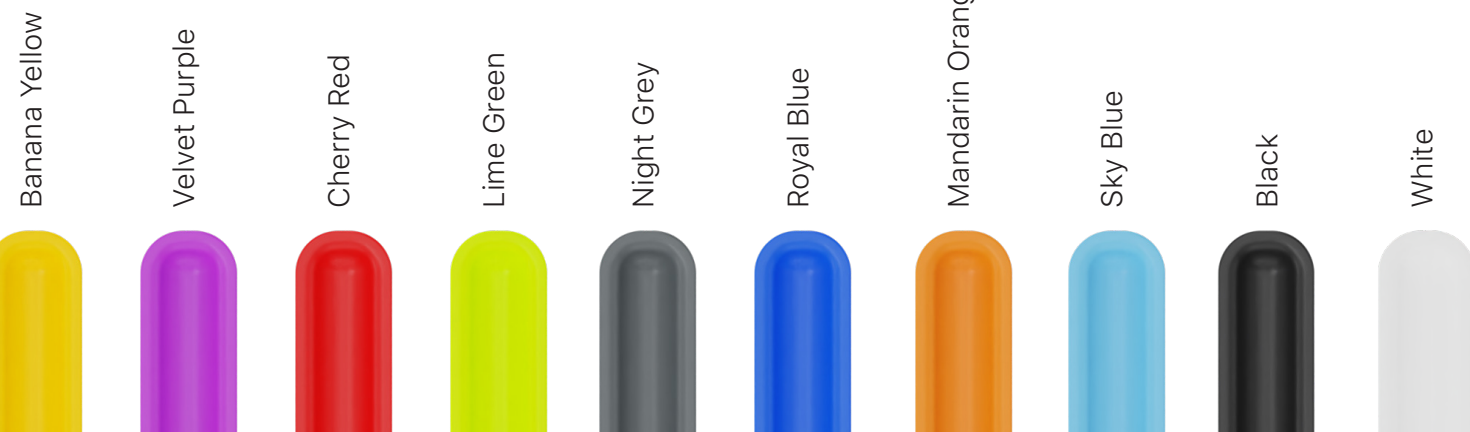

colours

Available in 10 brilliant colours to compliment the en one chair.

100% recyclable

Manufactured in the UK out of polypropylene, it is 100% recyclable at end of life.

efficient stacking

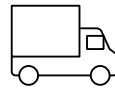

Perfect storage solution

The en core table is designed to stack easily in a safe and secure manner. Areas can quickly be cleared to enable spaces to be configured into multiple learning environments.

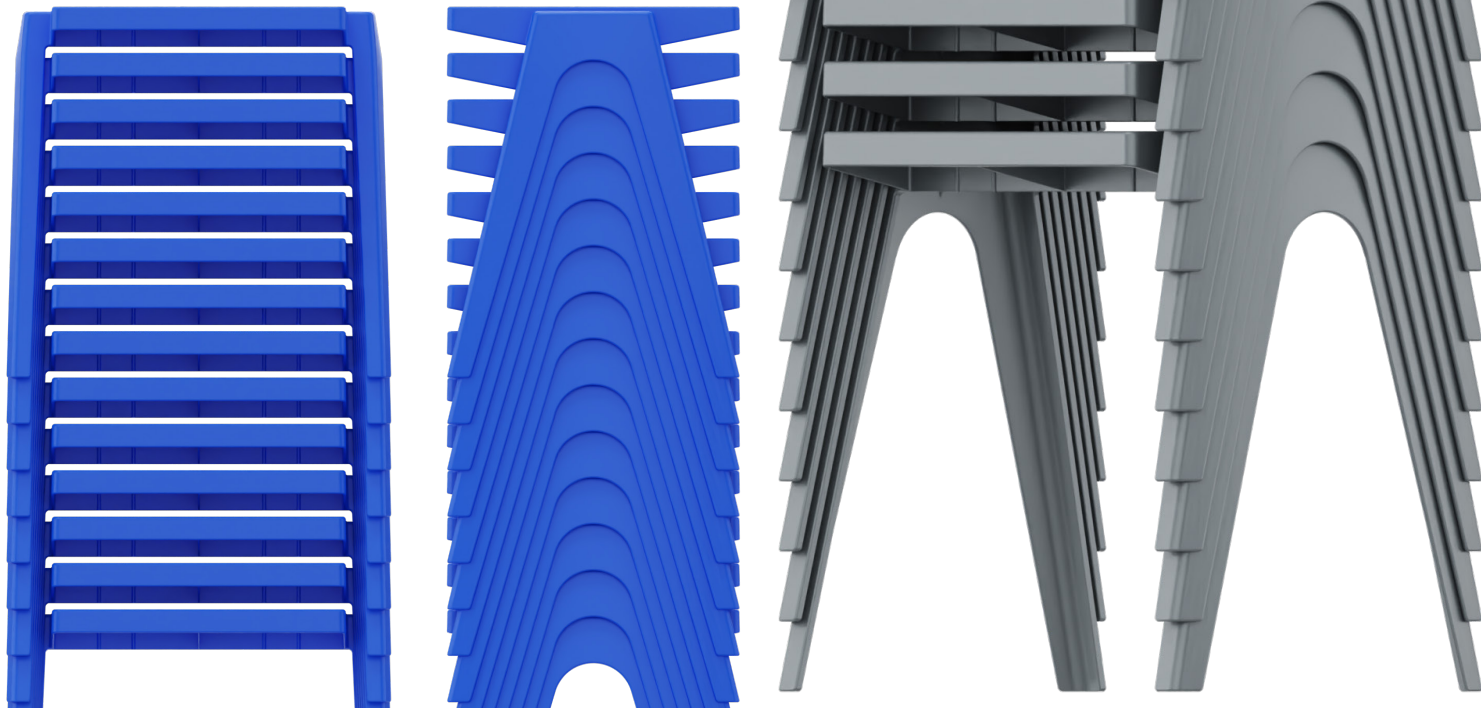

stacking

The en core stacks safely on a single dolly allowing them to be easily maneuvered.

transport

With its efficient stacking, the en core can be packed on less pallets compared to traditional tables. Saving costs, fuel and providing an environmental benefit in transportation worldwide

en core tray

Extra storage

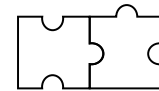

Personal storage is easily catered for with the addition of a slide out plastic tray. Suitable for both A4 and A3 Gratnell's trays.

*Please note: en core table cannot be stacked when tray option is selected

storage

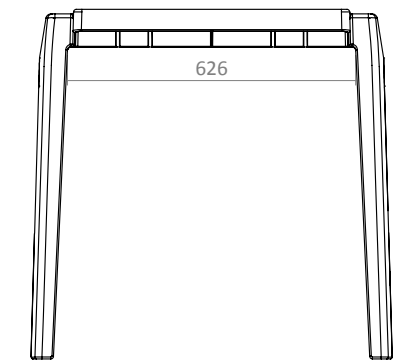

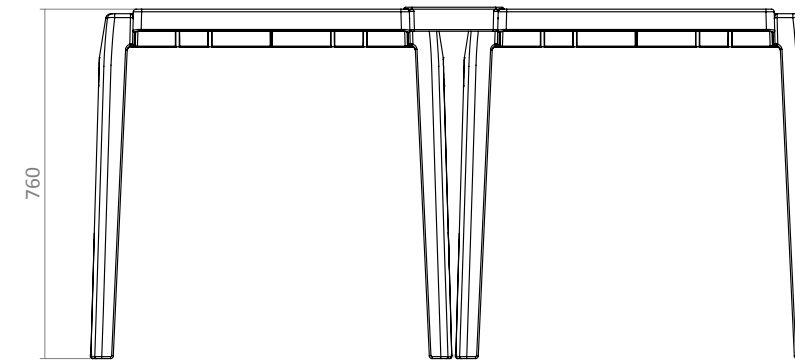

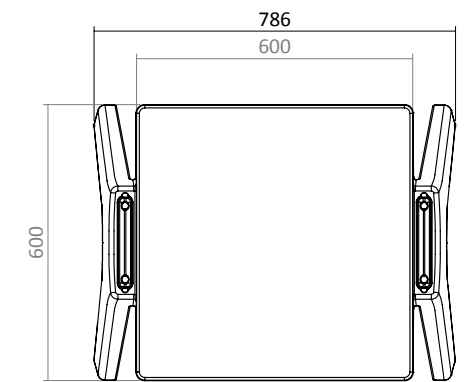

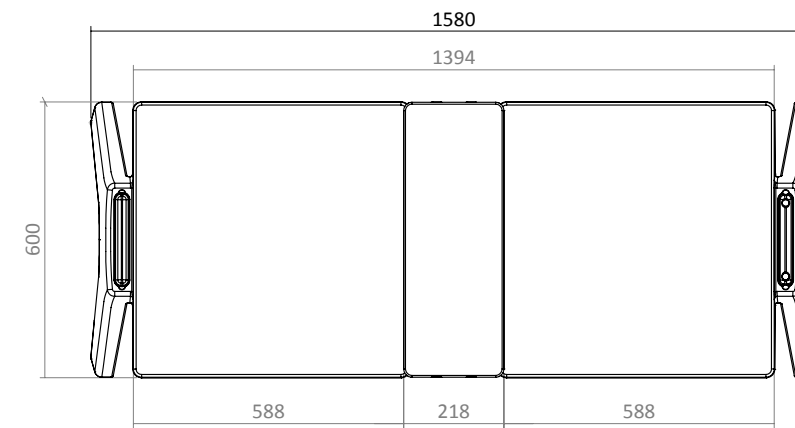

Runners can be attached easily to the underside of the table as an optional extra.

compatible

Designed to be suitable for Gratnell tray units to maximise space and storage solutions
