*Note: Flammability performance is
dependent on components used. Our
certificates show what substrates have
been used in our tests. For composite
tests customers must ensure their
complete furniture meets the necessary
standards.*

Cleaning

Vacuum regularly. Wipe with a damp cloth
using a proprietary upholstery shampoo/
soap. For deeper cleaning use steam or
professionally dry clean. Full details can
be found in our cleaning and disinfection
guide.

*Abrasion testing produces a wide variability
of results even from the same test sample. The
independent certificate of ≥100,000 cycles is
available on our website or from our customer
service team. Internally we also specify this product
at >100,000 cycles which we believe is realistic
for repeatability of testing. Please be aware that
abrasion testing alone is not a reliable indicator
of the actual wear performance of fabrics. We're
so confident in the durability of our products that
we provide a robust 10 year guarantee (full details
available).

Please note that seam performance is dependent
on seam construction and needle and thread type.
We recommend that appropriate sewing advice
be taken.

Batch to batch variations in shade may occur
within commercial tolerances. We reserve the
right to alter technical specifications without
notice. The Unregistered Design Rights and
the Copyright in all designs are the exclusive
property of Camira Fabrics Limited.
