Technical information

UK

Composition

100% REPREVE® Recycled Polyester

Environment

Certified to the EU Ecolabel
Made from 100% post-consumer recycled polyester

Width

140 cm minimum

Weight

280 g/m² ±5% (390 g/lin.m ±5%)

Abrasion Resistance*

Heavy duty / 10 year guarantee
Independently certified to ≥80,000
Martindale cycles

Flammability

EN 1021 - 1 (cigarette)
EN 1021 - 2 (match)
BS 7176 Low Hazard
UNI 9175 Classe 1 IM
Note: Flammability performance is dependent on components used. This range has been tested using 34-38 kg/m³ CMHR foam unless otherwise stated.

Light Fastness

6 (ISO 105 - B02)

Fastness to Rubbing

Wet: 4, Dry: 4 (ISO 105 - X12)

Cleaning

Washable to 60°C. Vacuum regularly.
Wipe clean with a damp cloth or shampoo
using proprietary upholstery shampoo.

*Abrasion testing produces a wide variability of results even from the same test sample. The independent certificate of ≥80,000 cycles is available on our website or from our customer service team. Internally we specify this product at >50,000 cycles which we believe is realistic for repeatability of testing. Please be aware that abrasion testing alone is not a reliable indicator of the actual wear performance of fabrics. We're so confident in the durability of our products that we provide a robust 10 year guarantee (full details available).

Please note that seam performance is dependent on seam construction and needle and thread type. We recommend that appropriate sewing advice be taken.

Batch to batch variations in shade may occur within commercial tolerances. We reserve the right to alter technical specifications without notice. The Unregistered Design Rights and the Copyright in all designs are the exclusive property of Camira Fabrics Limited.
