# ELEV8<sup>2</sup> TOUCH

## SIT-STAND DESKING

The ability to sit and stand during the average working day has huge health benefits to the user, helping to burn calories, boost energy levels, improve posture and promote mental well-being. In addition to the numerous health benefits provided by periodic standing, studies show that Elev8<sup>2</sup> height adjustable desks promote creativity, team interaction, collaboration, and the willingness to share ideas.

The Elev8<sup>2</sup> Touch desking range provides the ideal solution to address the issue of employees who have a sedentary desk job and who do not spend enough time standing during the working day. Sit-stand desks create an environment where colleagues can collaborate at standing meetings before adjusting their desk back to a seated height to continue with their routine tasks.

## Double Motor

Sit-stand desk height adjustment is made through a twin motor for fast, fluid and natural movement of the 25mm desktops with a maximum weight loading of 160kg

## Three Part Frame

The three tiered leg column offers adjustability from 675mm to 1300mm with a low noise level of 39db to provide all the health benefits of periodic standing

## Fabric Screens

Vibe desktop screens are available in special sizes for Elev8<sup>2</sup> which provide the same level of privacy between back-to-back Elev8<sup>2</sup> desks when at their highest and lowest points

## Cable Management

Energy cable chain fits inside the lower cable channel of back-to-back desks for cable management with a vertical cable spine option for the single desks to carry wires from floor to desktop

## Finish Options

Table tops available in Beech, Walnut, White and White with Oak trim. Frames available in Black, Silver and White

### Tops

Beech (B)

Walnut (W)

## Elev8<sup>2</sup> Touch - Digital control unit

### Digital Control Box

With the touch of a button, the Elev8<sup>2</sup> digital control box allows users to raise or lower their desks to saved, personal preferences depending on the style of work being undertaken.

The digital control box can be retro-fitted to Elev8<sup>2</sup> Touch single and back-to-back desks to support fluid, natural movement and versatility throughout the working day.

CODE	RRP
TDH5-P	£79

This Elev8<sup>2</sup> digital control box lets you position your desktop exactly where you want it. You can still adjust the height of the sit-stand desks manually by pressing the up and down arrows and the digital display will show the current desk height setting.

The sophisticated track and guidance system allows for four different height settings to be stored, delivering easy-to-use adjustability with a clean design and consistent profile. The increased level of movement will help you be more productive, efficient and engaged.

## Elev8<sup>2</sup> Touch - Bluetooth control unit

### Bluetooth Control Unit

CODE	RRP
EVT-BCU	£70

Having the option to stand, as well as sit during the work day has been proven not only to benefit the health of the user but also of the business, dramatically improving health, well-being and energy levels of employees.

However just simply having a height adjustable desk is not always enough to make some employees vary their posture throughout the working day. The app has been developed to remind you when it is time to change postures and help you achieve activity goals.

- Memory function to set your own height preference settings
- Customised sit-stand cycle to remind you to stand up at the right time
- Tracks all the time you've stood
- Calculates calories burned during your standing
- Safety support with error alarm notices

Simply insert the dongle into the control box and fit to your existing Elev8<sup>2</sup> Touch sit-stand desk, download the free app and then pair the app with any connected Elev8<sup>2</sup> Touch desk to take charge of your work experiences.

The height adjustable desk can then be adjusted via a smartphone or tablet.

Get the most out of your height adjustable desk by reminding you to vary your position during the day, with the ability to control the height of your desk as well as memory settings for everyday use.

# ELEV8<sup>2</sup> MONO

## SIT-STAND DESKING

Elev8<sup>2</sup> Mono sit-stand desks allow the individual user to electronically adjust the desk height from a sitting to a standing position with the touch of a button. Having the option to stand, as well as sit during the work day has been proven not only to benefit the health of the user but also of the business, dramatically improving health, well-being and energy levels of employees.

Featuring value and versatility at its best, Elev8<sup>2</sup> Mono height adjustable desks with a single motor provide affordable features and durable design to transform the workplace with healthy flexibility and mass appeal. Put simply, a healthier workforce is a happier, more motivated and more productive workforce. Not to mention the reduced risk of sickness days due to back problems & other symptoms of sedentary work habits.

Black (**K**)

Silver (**S**)

White (**WH**)

Please add frame finish when ordering. Cable management trays in Silver only. Vertical cable chain in Black only

## Why opt for a sit-stand solution?

There are two main reasons for looking at a sit-stand desk solution. The ability to sit and stand during the average working day has huge health benefits to the user and it's this active working style that encourages increased staff productivity and reduces absenteeism.

Major international research over recent years has produced evidence that sitting for more than 4 hours a day leads to: Disrupted blood sugar levels, increased insulin, increased blood pressure levels, enzymes responsible for burning harmful blood fats shutting down, and leg muscles switch off.

Studies also show that Elev8<sup>2</sup> sit-stand desks promote creativity, team interaction, collaboration, and the willingness to share ideas. So, when it comes to the Elev8<sup>2</sup> range, a desk is much more than a place to work - it's a working culture that benefits both the employee and the company.
