SCREENS

DESKTOP & FLOOR STANDING

Most people work in open plan offices which offer employees very little privacy, which can be cause for frustration at times. Offering a variety of designs and styles, our range of screens and partitions not only offer a degree of privacy, but they also provide the finishing touches of colour to office furniture and add character to any office space.

Desktop screens allow employees to be more focused on their work by helping to cut out colleague's distracting and irritating telephone or computer sounds, in addition to improving office acoustics. Free standing floor screens provide visual, physical and acoustic barriers in any workspace by separating parts of the office into teams and groups or creating quiet work zones and breakout areas in open plan spaces.

Fabric Desktop Screens

A simple, clean, fabric wrapped desk mounted screen range that offers excellent value for money. Straight and wave desk screens are ideal for creating semi-private work spaces

Aluminium Frame Screens

Distinctive, aesthetically pleasing desk mounted aluminium frame screens with straight fabric or glazed screen options which are ideal for any modern workplace

Vibe Desk & Floor Screens

Our selection of Vibe fabric screens are a stylish way to divide desks and provide an element of seclusion and privacy, combining a slim profile with a robust and durable construction

Acoustic Floor Screens

Piano screens provide open plan offices and breakout spaces with acoustic absorption which are not only colourful additions to the office aesthetics, but also pertinent to the task at hand

Desktop straight screens - Fabric wrapped

Whether dividing desk space or an entire office area, office screens provide an element of privacy for employees, allowing them to be comfortable while they work. Our fabric wrapped straight desktop screens are a cost effective way of dividing desk clusters and are supplied with brackets to fit all 25mm desktops. A universal bracket is available as an optional extra to mount screens to different manufacturer's desks.

MTO - Coloured glaze

Vibe is a new range of made-to-order, designer office screens, available in a multitude of fabric colour options. Vibe screens combine a slim profile with a robust and durable construction to improve the layout and function of any office and they are ideal for use with bench desking with the modern trend of having screens shorter than the desk length. Desk mounted screens use universal desk brackets which come as standard.

Fabrics - Screens

Fabrics specified for their acoustic properties are ideal for wall coverings, suspended ceiling panels, desk mounted or free standing screens. The job of the fabric is to allow sound to pass through cleanly, or provide a degree of absorbency, which allows the specialist acoustic system behind to do what it needs to do.

Floor standing screens - Fabric

Free standing floor screens are available in three different sizes and are used to break up the appearance and divide the space without losing any of the benefits of the open plan layout. Fabric wrapped floor screens also provide the operators with an element of seclusion and privacy and can be joined together with the linking strips for connecting 2 screens or 4 screens together.

Piano Acoustic - Floor screens

Piano Screens are a simple way of creating semi-private workspaces in open plan offices for breakout areas, meeting spaces, or to use a stylish, flexible room divider to create zones for different activities with excellent sound absorption. The folding acoustic screens are joined together with zips which allows for an unlimited number of screen additions, with designer feet to be placed at either end of the screen run for stability.
