## ERGO Desks

### Overview

To complement the Plan Filing System, we have launched the Conset range of electric height adjustable desks. The desks have a wide appeal:

- The perfect ergonomic height can be achieved for any user at the touch of a button
- Instantly turn your desk into a stand-up meeting table - ideal for small offices
- Large desk area is ideal for reviewing drawings and plans
- Choice of single pedestal, 2-leg and 3-leg desks
- Choice of desk top sizes, shapes and materials
- Choice of single pedestal, 2-leg and 3-leg desks

#### Ergonomic - Comfort for All Users

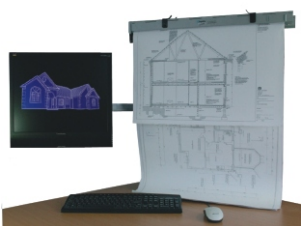

- Changing your working position regularly helps to prevent back problems
- If you have an existing back problem then standing at a high desk for parts of your day rather than sitting all day at a standard desk can offer great relief and help the recovery process when back pain occurs
- User of different heights can easily adjust their desk according to specific needs - particularly beneficial for wheelchair-bound, very short or tall users
- Advantageous for group who share the same workstation - eg. "Hotdesking" or shift working environments
- Assists companies in their compliance with the latest DDA regulations

#### Features

- Available as 1-Column, 2-Column and 3-Column
- Wide choice of tops and shapes up to 2200mm x 1200mm in one piece or larger using extension sections
- Height range: 650mm to 1220mm
- Bosch Motor: Low noise and exceptional reliability
- Cable Tidy: Wire for PC ect. can be threaded through the rail under the desk top
- Frame lifting capacity of 150Kg\*
- Frame colours: Silver and Black
- 4 adjustable levellers on each leg
