Poly Chairs

Lecture Tablet & Skid Base Chairs

Lecture Tablet Dimensions

AGP - with optional seat and back padding

Robust steel chassis carefully designed to like the screw fixing points of the shell to accommodate gas lift mechanism, seat height 390 - 520mm. Available with Poly Shell (AGP), Poly Shell with Seat Pad (AGPSB) and Poly Shell with Seat and back (AGPSBP).

Optional Lecture Tablet

The Lecture Tablet Chair

The Lecture Tablet Chair provides all you would expect from the standard Poly chair but with the added option of a writing tablet. Each chair is fitted with 2 brackets to enable the Tablet to suit either Right or Left handed writing (Writing Tablet must be ordered separately). We can also supply a wide range of materials and colours for your needs. The frame colours are the same as our ACF range (Page 22).

Optional Skid Base - 552mm wide

Skid Base Chair

The triangular shaped skid frame is designed for its strength and 'skid' floor-friendly features. This skid based chair is available with seat heights of 460mm or 430mm and will stack 4 high. Lecture Tablet not available for skid base version. If you require a standard table with this model chair please allow extra width. Writing Tablet suitable for use with ACF (ACFL) and ACE (ACE L) poly chairs only. Not suitable for use with the Skid Base version.
