Tables

Height Adjustable Tables

Our Sit/Stand Height Adjustable Table gives you the opportunity to have a Table that can be adjusted to a number of sitting positions or standing positions. The crank system adjusts from 680mm to 1130mm high. There are crank adjustment points on both ends of the frame, also there are two additional top crank adjustment positions, to enable top overlap on all sides.

Table tops are available in 18mm or 25mm thick MDF Laminate as standard. Further edge options being 2mm PVC Edging which comes in a number of colours and Spray PU Edge in Charcoal, Grey and Blue. Electronically operated sit stand desks in a choice of eight sizes, adjusts from 710mm to 1210mm high.

info Glides supplied as standard with optional Castors at a further cost. Table frame available in Silver only.

Tables

Height Adjustable Tables

Our Height Adjustable Table has been developed to give you the opportunity to have a table that can be adjusted to a number of heights, making them appropriate for wheelchair users (DDA compliant). Effective in all office environments including Educational workplaces. The Crank system adjusts from 550mm to 850mm high. The 18mm or 25mm MDF laminated tops can be edged in either a clear lacquer or 2mm PVC edging. Leg frame available in Silver only.

The frame also has a table height indicator as shown above. Lockable rubber castors also available.

Removable crank arm can be operated on the side or through the top of the table.
